# Dedication

Joseph C. Simas

"His life was gentle, and the elements  
So mix'd in him, that Nature might stand up.  
And say to all the world, "This was a man!" "

—Shakespeare

*To a happy senior year,  
J.C. Simas*

*Best wishes to Barbara  
my friend  
J.C. Simas*

# Introduction

Here at Apponequet, we have all been exposed to books, everything from *An Introduction to Electronics* to *Let's Drive Right*, from *The Prince* to *Lord of the Flies*. From them, up until now, we have gotten a quantity of knowledge along with laughter and some pain. The *Polarion* staff is proud to present to the Class of 1966 a gift of joy from books—Homer the Intelligent Bookworm. Remember that Homer is no ordinary bookworm; he is just as educated from books as we are; therefore, we feel that he has an equal right to share the *Polarion* with you. He will show you a few highlights of our senior year, with a few backward glances at years gone by. Homer and the staff hope you enjoy his *Polarion* tour as much as we have enjoyed arranging it for you. We hope your enjoyment increases with the years, as you continue to feel the spirit of the occasions that fill your book.

Louise Churchill

## Superintendent's Message

"The important business of the public school system is that of helping to train youth, in partnership with home and church, for full and responsible citizenship. The twelve year program has many different features in it,—scholarship, meeting requirements and taking responsibility, planning for future education or skilled employment, learning to work cooperatively, sharing for the common good, recognizing the rights of others, pleasure, contributing to the happiness of others and friendship, to name a few. The life of each person has been touched and influenced to some degree. In a short time each of you will be taking up adult responsibilities; some among you have already done so. Time passes very quickly. It is our earnest hope that you will have matured and grown in your ability to think constructively during these early years of education so that you may, in turn, contribute effectively to the common good. In the years ahead, everyone among you will have others depending upon you for many things. The schools have been working with you to help you gain competence. Will you be able to meet the demands made upon you?"

GEORGE R. AUSTIN

Education is something that no one may take away from you, ever. The more education you receive, whether formal or informal, the better person you will be; and the more prepared for this space age.

May I wish you well in all of your future endeavors."

## Conclusion

We hope that the 1966 "Polarion" reflects the experience of attending Apponequet Regional High School and, in particular, the nature of this year's graduating class.

This yearbook will serve as a graphic "memory" for those of us who must leave Apponequet shortly. It represents a study of the work we have been involved in and the people we have been associated with in the past six years. The "Polarion" is a link between the Class of 1966 and the remaining student body of Apponequet. In short, it is our way of saying, "Goodbye."

A handwritten signature in black ink, reading "Philip Beaman". The signature is written in a cursive style with a large, stylized initial 'P'.

Barbara,  
to a really great  
person who is full of  
the devil and a kick of  
let of fun to be with. Don't

Best of luck at your job this year and in the  
future. You are a gift (???) to Apponequet. Be  
good and don't do anything I wouldn't do!!!  
Always,  
Meg

Da-ba-ba-ba-ba-her-ann-  
(anyways!)

I guess you realized you've  
changed my life more or almost  
as much as anyone in this school  
this year. I'll never forget the fun  
with the great Mrs. P., Mr. Bakers  
Character-Classes, and our free-for-all  
gym classes.

Wait till next year and I'll  
write a book. Don't forget to drop  
in sometime this summer — I  
just might be up to see you  
some day. As ever,

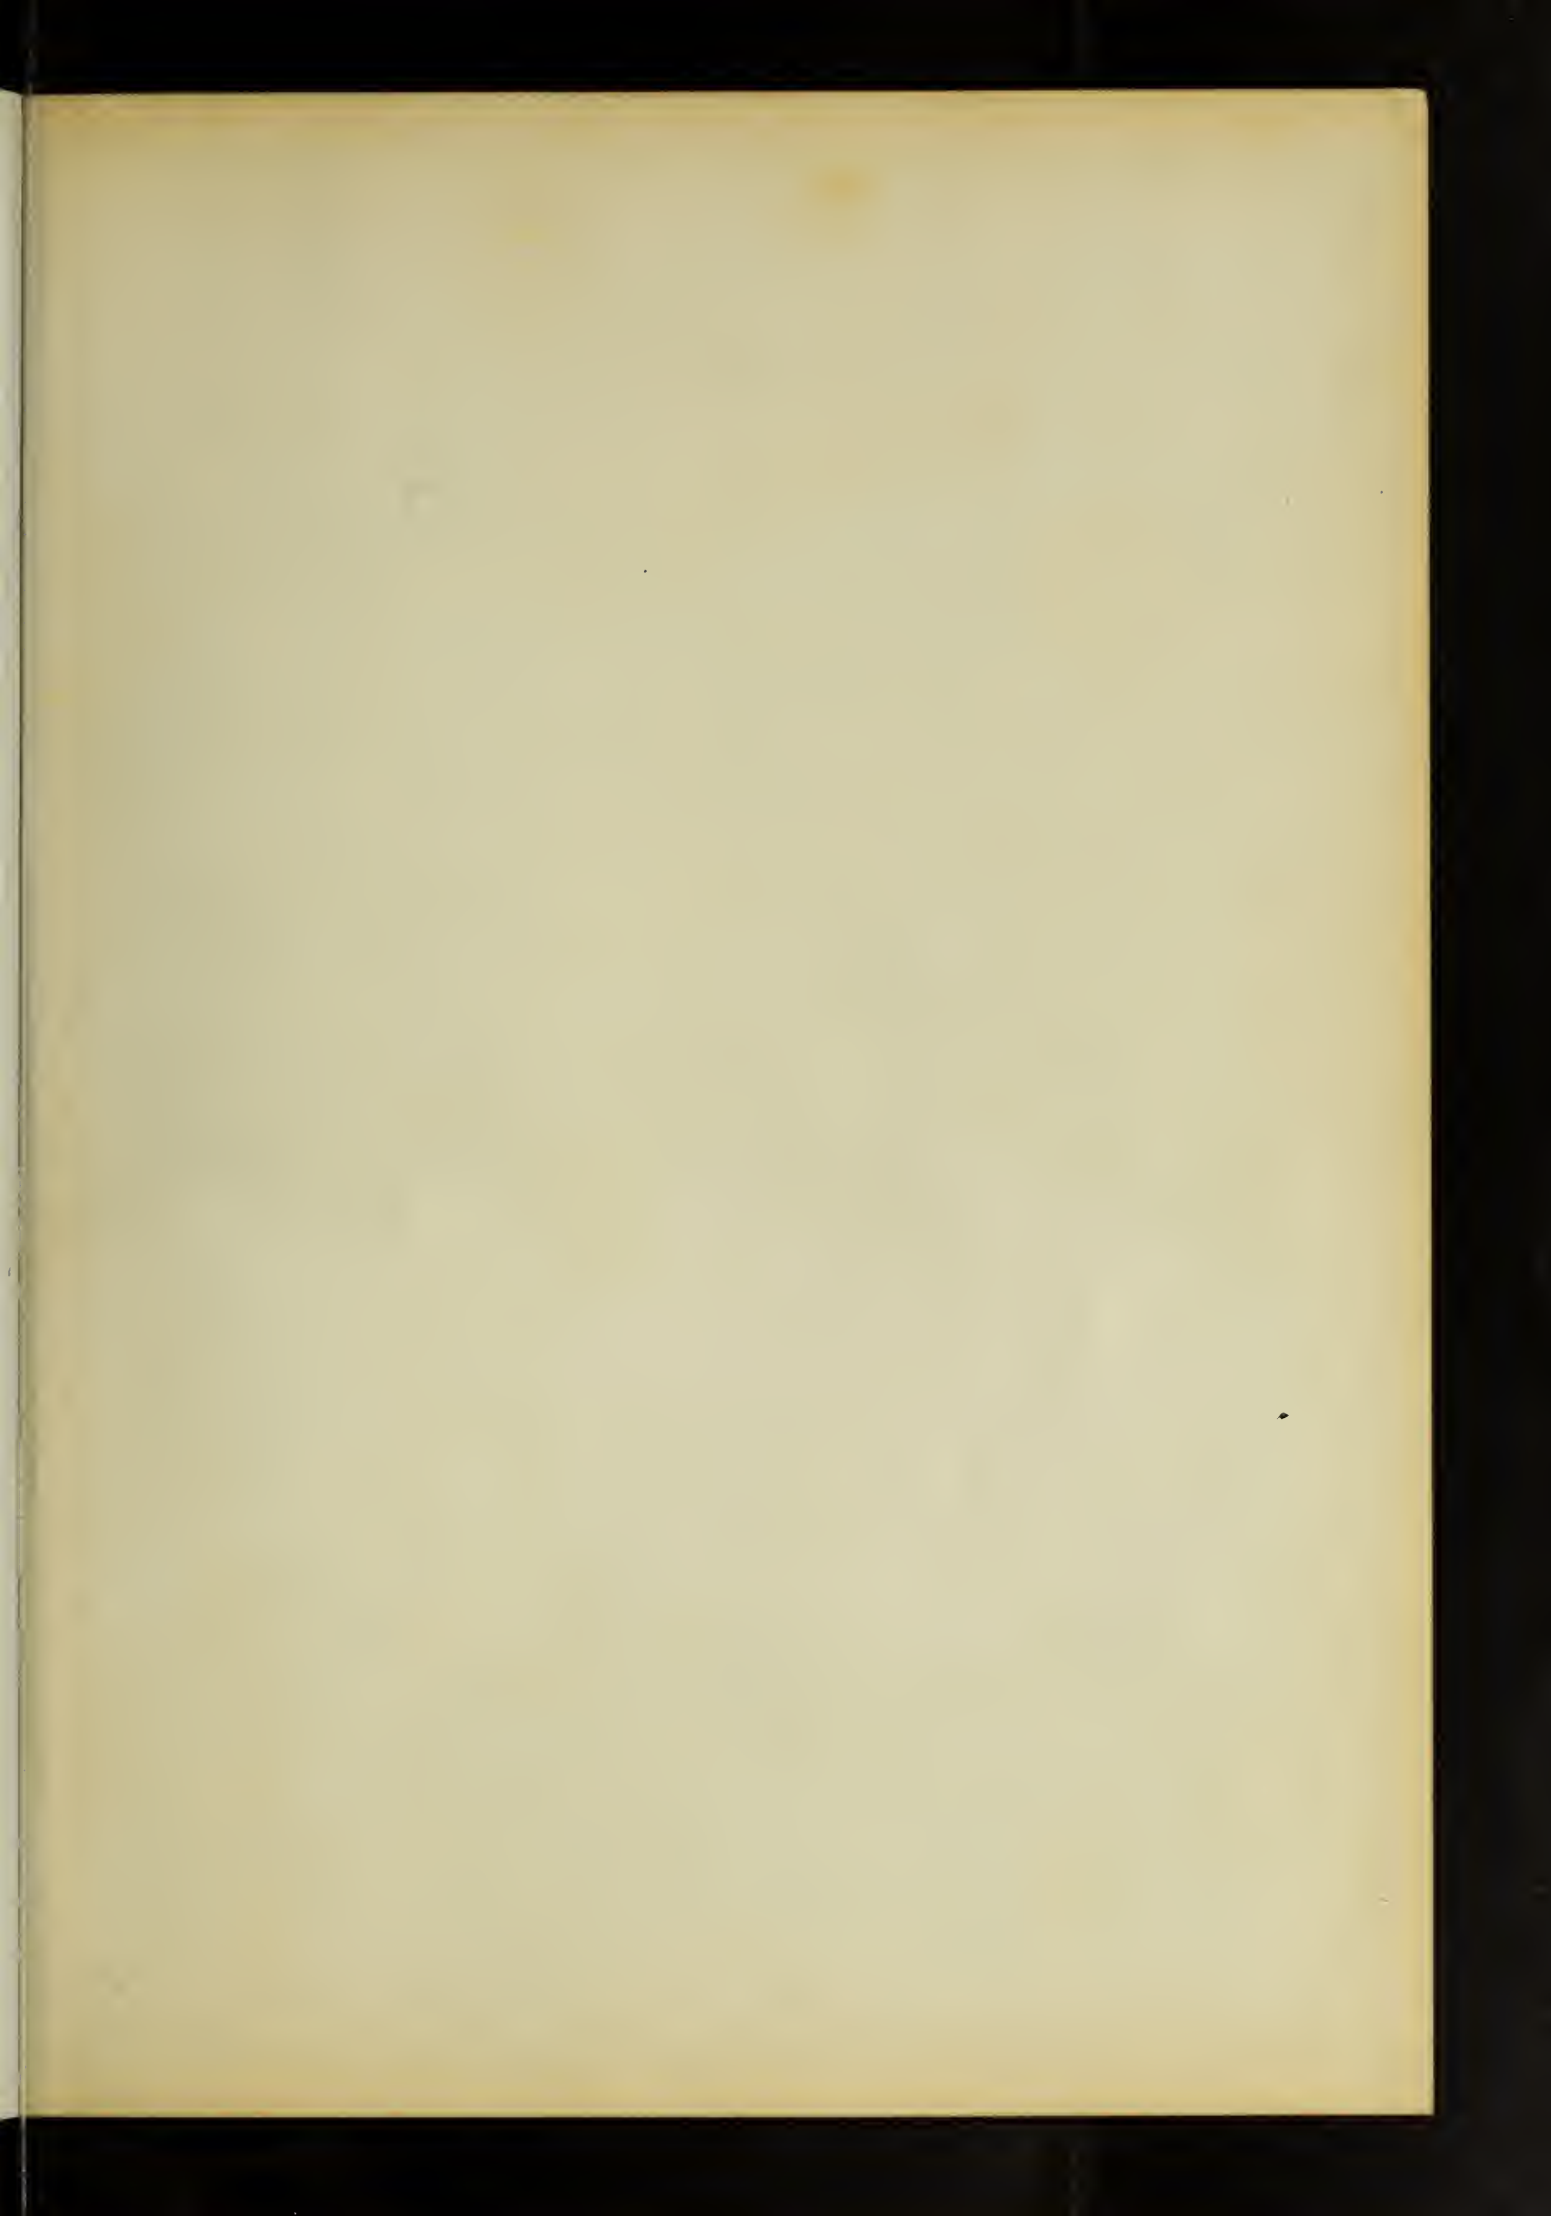

Wacey
